SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!!

10,000 CASES

Of SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS of which proof can be furnished This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle its FULL STRENGTH and power, without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better Safer Surer and Cheaper than all others THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do, It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA

A PHYSICIAN, who is truly the most distinguished of any in a large City for profession al skill CERTIFIES astonishing as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs " Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is that it makes the BLOOD perfectly Pure Rich Healthy Quick, Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful Strength wasting, Appetite gone Pulse weak or Feverish Skin yellow Nerves deranged Itres... stores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age.

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and stops it then removes it then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient's life while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superiority Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried,

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail But this Sarsaparilla has the SPECIAL quality to cure every Disease Affliction, or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

DR. CUMMINGS'S, Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these, others of vegetable or gum are combined, designed to render them more active, and consequently more immediately effective

The Dock, or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract ought to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that is been less than a year in preparation

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections Eruptions and Mercurial diseases Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature, in case applications exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor became familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgin & Co No 143 Middle street and Edward Mason No 153 Middle street—only agents for Portland

The Great Remedy for Gonorrhœa

GLEET, Stricture and all analogous complaints, is Dr DOUGLASS'S ARABIAN PASTE Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at at the present time

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS at his Office, No 55 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient may rely upon the most beneficial course of treatment that can possibly be adopted

COMPOUND SYRUP OF Sarsaparilla and Pipsissewa,

Prepared only by

ALBERT EMERSON,

DRUGGIST AND APOTHECARY

Apothecaries' Hall, 4 Smith's Block,

BANGOR

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as Scrofula, Salt Rheum, Syphilitic and Mercurial Diseases Ulcerous Sores Pimples and Diseases of the Skin generally This Syrup is highly approved by the Medical Faculty and is recommended as an internal remedy only for the purpose of an alterative, or as some would express the same thing to purify and renovate the system in all long standing diseases where the fluids of the body have become vitiated

Pipsissewa (the Chimaphila Umbellata or Pyrola Umbellata as it is variously called by Botanists) was first employed medicinally by the Aborigines of America and was first introduced to the notice of the medical profession by the late eminent Physician Dr S L M[itc]hell of New York Dr Pereira of London says that it is an alterative in Scrofula and in other chronic diseases it is generally supposed to possess almost specific powers and Dr Paris of London speaks of a practitioner who relies wholly for success upon Pipsissewa by which he is enabled to cure Scrofula in its worst forms

When taken into the stomach it acts as a tonic producing an agreeable sensation and assisting the appetite and digestive process it promotes the action of the secreting organs more especially the Kidneys over which indeed it appears to exercise a specific influence In order to increase essentially the benefit derived from Sarsaparilla, we have most admirably combined the Pipsissewa with it so that its tonic and diuretic qualities will mutually promote the good effects of Sarsaparilla

Votes!

Printed votes for the county of Penobscot are now printed and ready for delivery, and every town should see to it that they are fully supplied in season

If Gen. TAYLOR is elected he will do more to curb the Spirit of Conquest, and check the Spread of Slavery, than any other man the Whigs can elect " JOHN Q. ADAMS

A WORD TO WHIGS.

This is the last short week before the important election of MONDAY NEXT We wish to say a few words to our Whig friends and the friends of Gen Taylor

The election is important in itself and also in its bearings upon the Presidential contest It behooves every Whig, and every man who is in favor of the election of the honest and able and faithful ZACHARY TAYLOR, to vote at the coming election, and for the Whig ticket The vote for the Whig ticket will be claimed in other States as the index to the vote for Taylor in November

Let it be such a vote as will encourage all his friends to redouble their exertions for the great contest Let every friend of free soil remember that the great object is to defeat Lewis Cass and that this contest is and will be between Cass and Taylor and nobody else

We say then, vote for ELIJAH L. HAMLIN for Governor He is worthy of your support He understands, better probably than any other man the interests of Maine He is in favor of a liberal and enlightened State policy—and will, if elected be a most excellent and able chief magistrate *A full Whig vote will certainly defeat John W Dana* of this there is no doubt

Vote for the Whig SENATORS and COUNTY OFFICERS They are all good and true and sound men, and every way entitled to a cheerful support

Vote heartily and unitedly for ISRAEL WASHBURN JR for member of Congress This is an all important vote *If every Whig vote is given to him he will probably be elected* There is every encouragement to make a vigorous effort

A plurality elects Charles Stetson and Gen Samuel Veazie are both in the field as Democratic Candidates and they will divide the vote of that party between them Now is the time for the Whigs to send a true and firm friend of domestic industry and all the great domestic interest—an open and strong advocate of free soil and free speech—an able and eloquent speaker and an honest man He will have many votes from honest Democrats If the Whigs will but awake and exert themselves he may be elected without fail Be up and ready See that your neighbors are all at the polls Those who have carriages should devote them to the service

And let there be a perfect organization in every school district We fear this has been neglected Much can be done in this coming week if the work neglected is at once begun Let no man wait for his neighbor to begin—but let each man do his duty TO THE POLLS THEN ONE AND ALL, and we shall give a voice to Maine which will give courage to our friends, and prepare us all to give the vote in November to the man that was never conquered and who never surrenders NOW! NOW!! IS THE TIME TO ACT

☞ The Rock County Democrat, published at Janesville, Wisconsin, has hauled down the Cass flag and now goes for Van Buren and Adams The editor says that the defection from Cass is so great in that region that the party had better abandon him altogether

☞ We learn from the Norwich Courier, that at the meeting of the Rough and Ready Club of that place on Friday evening, the Town Hall was crowded The Club were addressed by David Paul Brown, Esq of Philadelphia, one of the most eloquent lawyers in the country Mr B is an ardent friend of liberty, and was one of the counsel of the Amistad Negroes The main object of his speech was to bring before the meeting, not the General, but the *man*, Zachary Taylor He said forty years long had General Taylor served in public life, yet not a blot, or a blur was to be found on his escutcheon Mr B wound up by an allusion to the Free Soil question, and a declaration of his firm and unshaken conviction—a conviction founded on the declared sentiments and well known character of the man—that Gen Taylor would never interpose the Executive veto for the purpose of extending Slavery He took his seat amid a hurricane of applause

An important movement among the Hebrews of Europe, is announced in the Jewish Chronicle 'Such is the feeling of alarm felt among them in respect to the revolution taking place, that thousands have been baptised into the Catholic Church to escape persecution, and that more than one thousand from the city of Pesth, in Hungary, have resolved to emigrate to the United States Among these are some of the most respectable Hebrew families of Europe, and in emigrating, the rich are to support the poor The Jews have been wantonly persecuted for centuries in most parts of Europe, Especially in Prussia, Russia and Austria, but nowhere more than in Hungary, where they form a numerous portion of the population Many of them possess immense wealth, which in America they can employ and enjoy without fear

☞ The Liberty Standard published at Hallowell and edited by Rev Austin Willey has changed its name to that of Free Soil Republican, and has adopted Mr Van Buren as its candidate for the Presidency Mr Willey still continues to occupy the editorial chair and is now as fierce for Mr Van Buren as he was recently warm in his opposition

The nomination of Mr Van Buren by the Utica convention drew forth the following, with other and like matter, from Mr Willey in his 'Liberty Standard' —

"Where then does Mr Van Buren stand? Precisely here He would have the Government administered as he administered it, during the "dark ages" of our past history, not a word from him is beyond this mark Indeed we suspect it is his design to divert the anti slavery cause for its overthrow Indeed aside from the Proviso, he must be its enemy

Liberty men cannot vote for him, nor will Whigs do so to much extent We would glad to cast the mantle of charity over the past, had he permitted us to do so by omitting to throw an unequivocal, gratuitous endorsement of the past on the face of the country

"MARTIN VAN BUREN —We would gladly let the veil of oblivion cover forever his past public life of servility, had he not himself dragged it before the country, declaring that it is now a source of consolation to me that I pursued the course I adopted

"Mr Van Buren s nomination at Buffalo will do much to arrest the progress of free principles in New England His past life of extreme servility to slavery, with the hope of reform precluded by his late letter, will hang like a mountain of lead upon the neck n the estimation of that class of men who alone it must be mainly relied on to support it It will not represent their sentiments Besides, his hold on the moral feelings of Society is not particularly strong

"He admits the power of Congress to abolish slavery in the District but virtually renews his old pledge to veto a bill passed for that purpose

How was it possible for a civilized man thus to speak after all the revolting scenes which have transpired there within the last year? The whole heart of the North demands that the nation be relieved of the unutterable shame and guilt of that barbarous 'Man Market' How is it possible for an anti slavery man to vote for one who places himself in direct opposition to that object?

"No man in the North has done more to drag the country into subserviency to the slave power"

Yet, notwithstanding all this and more, this same Mr Willey and his "Free Soil Republican" finds sufficient excellence in the supposed availability of Mr Van Buren, not for election, at least to keep up a show of party strength, to adopt him as his candidate and to laud him to the extreme

Mr Willey has very strong locofoco sympathies and a little hate of the Whigs These lead him to prefer, on the whole, we have no doubt, the election of Gen Cass, with his wish to extend Slavery, to Gen Taylor in opposition to such extension The argument, that every Whig vote thrown for Mr Van Buren is in aid of the election of Gen Cass, is by no means disagreeable to Mr Willey He would prefer the election of Mr Van Buren, probably, but next to him, desires, undoubtedly, the election of Gen Cass

☞ Dr Bailey, the editor of the National Era, the leading anti slavery paper of the Union, truly says—

"The interest and honor of the country, and even freedom itself would be safer in the hands of Taylor the Slaveholder, than Cass the Servile"

Unquestionably it would Wherefore then waste your energy and ability in seeking to elect General Cass, by supporting Van Buren? It was these Nor been madcaps, however, who elected James K Polk, who annexed Texas, which gave us California and New Mexico, which the Abolitionists are now practically endeavoring to convert into slave territory, by the election of Lewis Cass

☞ In a few days the people of our State will be called upon to discharge a high political duty in the election of their State officers and members of Congress There is very little excitement, and there is danger that sufficient attention has not been paid to a thorough organization even in our city There should be no further apathy allowed from this to November, and the remainder of the present week should be devoted to preparation for next Monday's work See that the name of every voter is upon the list—that every man is seen—that all which can honorably and fairly be done is accomplished and then calmly await the result.

☞ Armed parties of Americans were committing outrages in Mexico in the neighborhood of the Rio Grande. Towns were laid under contributions, and lives taken in enforcing them at last accounts.

☞ We learn that the Sheriff of our county declared to a plain, honest farmer from a neighboring town, that Gen Cass if elected President would not veto an act of Congress inhibiting slavery in the territories! This is carrying political humbuggery to the extreme Gen Cass has declared in a letter that he is opposed to the exercise of any jurisdiction by Congress over the subject of slavery, and that he does not find in the Constitution any grant of power to Congress to inhibit slavery in the territories The Washington Union says that Gen Cass has unhesitatingly declared that he would veto the Wilmot Proviso

☞ The Mercury states that on Saturday last, constable Walker ferretted out and arrested a Antesa Cafner who had entered the dwelling of Horatio B Sanborn of this city and stolen therefrom 73 dollars in money and 12 silver spoons and one silver butter knife All the money had been spent for clothing except 17 dollars Cafner was ordered to recognize to take his trial, at the District Court, in the sum of $300, but for want of bail was committed

☞ Washington Ruckles Esq publishes a card in the Westminster Md, Carrollitonian, stating that he has heretofore acted with the self styled democratic party of the present day, but after mature reflection and close investigation of the principles, of the two parties, he has come to the conclusion to support the man that never surrenders, and use all honorable means in his power to elect to the presidency, General Zachary Taylor"

☞ The Oxford Democrat gives some of its cotemporaries a hard thrust by saying that whoever may declare that General Taylor has no political principles, nobody so believes

☞ Nathan D Phillips Esq in Brewer was nominated on Saturday last as the Whig candidate for Representative to the State Legislature from that district

Cass, Butler and the Tariff of 1842.

☞ We all remember the cry in 1844 of "Polk, Dallas and the Tariff of 1842!" That song was sung in every city and county of our State and shouted, long and loud throughout our vast iron and coal regions In this county our *Wool Growers* and *Farmers* all heard it, or saw it inscribed on Locofoco banners By such falsehoods the People of Pennsylvania were made to believe that the Tariff of 1842 would be safe in the hands of Polk and Dallas They discovered alas, too late the infamous fraud practised upon them, and are now reaping the bitter fruits of their blindness and credulity The Tariff of 1846 is working fearful havoc among the Agricultural and Manufacturing interests of the country The Locofocos see it and feel it and in order to screen themselves from the just indignation of an outraged people, are beginning the old game of falsehood and fraud It will be seen from the statement below, which we take from the "Cumberland Civilian," that at the Mount Savage Iron works they have unfurled the flag of "*Cass Butler and the Tariff of 42*" Can it be possible that such means are again to succeed, or that the Tariff portion of the community will suffer themselves again to be humbugged by such hypocritical professions?

Cass, Butler and the Tariff of 1842

This is the inscription on a flag which the Locofocos have unfurled to the breeze at the Mount Savage Iron Works in this county Cass Butler, and the Tariff of '42' What does this mean? Is the Pennsylvania Fraud of 1844 to be practised in Allegany County? Is an effort to be made to prove that Cass and Butler are opposed to the Tariff of 1846? We can hardly suppose that any man can be gulled by so shallow a device But what ever may be the object of this move it plainly demonstrates one thing The laboring men, who now wait for the Iron works again to commence that they may obtain employment, are beginning to understand why it is they are *out of work* They have learned that *four fifth of all the Iron made in England for exportation* is brought into this country under the Free Trade Tariff of 1846 They therefore know why it is that operations are suspended at the Mount Savage Iron Works—why it is that the farmers are deprived of their home market and find the prices of their products *falling falling, falling* It is this knowledge that makes them wish for the *Protective* Tariff of 1842 But, while they want protection, they want Cass and Butler too, and although they know they cannot have both yet in the choice between the two, *between life and death*—oh! singular perversity of human nature—in nine cases out of ten they will not hesitate to select the latter!

THE FATHER.

An Instructive Sketch

It is the duty of Mothers to sustain the reverses of fortune Frequent and sudden as they have been in our own country, it is important that young females should possess some employment by which they may obtain a livelihood in case they should be reduced to the necessity of supporting themselves When families are unexpectedly reduced from affluence to poverty, how pitifully contemptible it is to see the mother desponding or helpless, and permitting her daughters to embarrass those whom it is their duty to assist and cheer

"I have lost my whole fortune said a merchant, as he returned one evening to his home, 'we can no longer keep our carriage We must leave this large house The children can no longer go to expensive schools Yesterday I was a rich man, to day there is nothing I can call my own

'Dear husband, said the wife, 'we are still rich in each other and in our children Money may pass away, but God has given us a better treasure in these active hands and loving hearts'

'Dear father, said the children, do not look so sober We will help you to get a living'

What can you do? poor things, said he

'You shall see, you shall see, answered several voices It is a pity if we have been to school for nothing How can the father of eight children be poor We shall work and make you rich again'

'I shall help said the youngest girl, hardly four years old 'I will not have any new things bought, and I shall sell my great doll

The heart of the husband and father, which had sunk within his bosom like a stone, was lifted up The sweet enthusiasm of the scene cheered him, and his nightly prayer was like a song of praise

They left their stately house The servants were dismissed Pictures and plate, rich carpets and furniture were sold, and she who had been so long mistress of the mansion shed no tear 'Pay every debt, said she, 'let no one suffer through us, and we may yet be happy'

He rented a neat cottage and a small piece of ground a few miles from the city With the aid of his sons he cultivated vegetables for the market He viewed with delight and astonishment the economy of his wife, nurtured as she had been, in wealth, and the efficiency which his daughters soon acquired under her training

The eldest one assisted her in the household, and also instructed the younger children Besides, they executed various works, which they had learned as accomplishments, but which they found could be disposed of to advantage They embroidered with taste some of the ornamental parts of female apparel, which were readily sold to a merchant in the city

They cultivated flowers, sent boquets to market in the cart that conveyed the vegetables, they plaited straw, they painted maps, they executed plain needlework Every one was at her post, busy and cheerful The little cottage was like a bee-hive

'I never enjoyed such health before,' said the father

'And I never was so happy before,' said the mother

'We never knew how many things we could do when we lived in the great house,' said the children, and we love each other a great deal better here You call us your little bees'

'Yes,' said the father, 'and you make just such honey as the heart likes to feed on'

Economy, as well as industry was strictly observed, nothing was wasted, nothing unnecessary was purchased The eldest daughter became assistant teacher in a distinguished female seminary, and the second took her place as instructress to the family,

The little dwelling which had always been kept neat, they were soon able to beautify Its construction was improved, and the vines and flowering trees were replanted around it The merchant was happier under his woodbine covered porch on a summer s evening, than he had been in his showy drawing room

'We are now thriving and prosperous, said he, 'shall we return to the city?'

Oh, no was the unanimous reply

'Let us remain said the wife, 'where we have found health and contentment'

'Father, said the youngest, 'all we children hope you are not going to be rich again for then,' she added, 'we little ones were shut up in the nursery, and did not see much of you or mother Now we all live together, and sister who loves us, teaches us and we learn to be industrious and useful We were none of us happy when we were rich and did not work. So father please not be a rich man any more'—*Mrs Sigourney*.

Pleasure.

What are riches, glory, pride,
Laurel-wreath, or jewelled crown,
When upon life s troubled tide,
Weary, wayworn man goes down —
What are mankind's desires pleasures,
But the fitful meteor s gleam?—
What his grandeur?—what his treasures?
Moonlight on a mountain stream

Soon we quit life s busy path,
For a lonely of the grave,—
Soon the banner, mighty death,
O er the proudest head shall wave,—
Soon the dweller in the hall
And the child of peasant birth
Like the forest leaves shall fall
Mingling with their mother earth

Prince and peasant, priest and king—
Like the little flowers that blush
On the bosom of the spring
Time's unsparing foot shall crush
What is what is pleasure then?
Can it hush our woes to sleep?
Can it still the throb of pain
Rankling in the bosom deep?

When the brightest cloud that swims,
Vision like, across the sky,
Stays the summer s burning beams,
As it floats unheeded by —
Then shall flattering gems of earth
Bid our sorrows cease to flow—
To the joyous laugh of mirth,
Change the thrilling pang of woe

THE BEST TRUSS IN USE

Is DR J W PHELPS Patent Convex Spiral Truss and Abdominal Supporter

New York Gravel Infirmary, 70 Nassau St, May 21 1847

I have examined Mr J W Phelps's newly invented Patent Spiral Truss, and concur with Doctors Valentin Mott, Stevens and Parker, in the opinions of its principle and structure Having an inguinal rupture my self and tried various kinds of Trusses for the last ten years, I concluded to try one of these and finding it in adaptation of its spiral pressure and the setting of its pad so much better than any others I have no hesitation in recommending it, in preference to any I have seen
SAMUEL P LEE, M C M E

To Mr J W Phelps—Sir —I comply with pleasure with your request for my opinion of your Abdominal Supporter for *Prolapsus Uteri* I have recommended it in many cases, and have heard much satisfaction expressed with its use It is light, keeps its place very well gives the support required, and is not so expensive as to prevent its use by those whose means are small, and who so frequently suffer from Prolapsus I give it with great pleasure my recommendation
WALTER CHANNING

PRIAM OF TROY

AIR TIGHT

COOKING STOVE,

IMPROVED FOR 1848.

Combination of the greatest improvements of the age—Four sizes.

THIS Stove commends itself to the attention of Ladies and Gentlemen who are interested in combining *Economy and Convenience* with their Domestic Affairs As all food passes the ordeal of some Cooking Apparatus to make it palatable or proper for use, it is very important that every family should possess the Best Apparatus for this purpose and which at the same time shall consume the *least amount* of Fuel or incur the *least expense* The

PRIAM OF TROY IS THE STOVE,

for it has a very LARGE OVEN, probably as large as any (equal size) Stove, ever offered to the public, which is heated quickly and perfectly even by means of **Deep Hollow Grooves**, in the back and bottom of the Oven, exposing from *three to four hundred* square inches more surface to the Oven than can be done by a plain surface Consequently a very Small amount of fuel being arranged in this Air Tight Stove, and applied to the Oven, renders it one of the *BEST BAKING OVENS* to be found in New England

There is a Set of large Rims or Rings connected with the Stove so that our Farmers and all who wish to use large Brass or Iron Kettles or any kind of old fashioned Ware, holding from one to ten pails can do it at their pleasure The whole Stove is regulated by means of only ONE DAMPER, is neat in its appearance, and in fact is one of the *best improvements for the Kitchen* now in use, as those who now have them will testify

WHERE this all powerful antidote is at hand, Cholera Dysentery and Chronic Diarrhea are no longer to be seriously feared, or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours, if taken at the commencement

It has been before the public for more than sixteen years, and was the first article made known to the public as an immediate and perfect remedy for these complaints It has been thoroughly tested in every country and every climate, and its effect has every where proved the same—SURE TO CURE, even where the disease had advanced to the last stage The public may rest assured that it contains neither opium or mineral substances or any thing that is in the least injurious to the constitution

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state however severe the attack may be or however low the patient may have become it invariably restores

are immediately counteracted, the pains are allayed the bowels healed and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours

Chronic Diarrhœa,

either in children or adults of months or years continuance, are most readily cured with this Cordial notwithstanding they may be reduced to a mere skeleton, it immediately strengthens, and shortly restores them to perfect health

Cholera Infantum.

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover

Sea Sickness

It is a most pleasant and desirable remedy for Sea Sickness It checks the vomiting and readily restores the patient It invariably checks vomiting produced from any cause whatever

M'Allister's All-Healing Ointment.

[illegible] ... to these organs, while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface. Hence the extraordinary rapidity and certainty with which it relieves asthma, coughs and liver complaint. Also headache, agues, consumption and spinal disease.

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system. It performs precisely in sickness what nature performs for herself in health, having the full use of every function of the body.

It is this power which enables the ointment to sweep off all cutaneous eruptions, skin diseases of every nature, also to subdue all inflammations, and all bowel complaints—in short by keeping the pores of the skin open and restoring health and nervous energy to all the organs of the body.

Mr James M'Allister—Sir—Having purchased a few bottles of your Hair Oil last summer, I persuaded my sister, who had lost her hair from some disease of the head, to try it. She had used Rogers's Hyperion Fluid and several other articles recommended for the hair, without any beneficial results, but after having made use of your Hair Oil a short time the hair began to make its appearance and she has now a fine head of hair.

Respectfully yours, SAMUEL A BADGER.

Certificate from Col Tate, editor of the Columbia Democrat, Pa

OFFICE OF THE COLUMBIA DEMOCRAT, Bloomsburg Columbia Co. Pa. March 4 1848

Dr William Wright—Dear Sir—I am one of the many who see aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence, I have seldom resorted to the Pill box. Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family gave them a decided preference over every other preparation.

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills. By taking from four to six on going to bed when indisposed, I have always become restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient and in my case without producing even sickness at the stomach.

Respectfully, your friend, &c LEVI L. TATE.

[From the Delaware Express Delhi N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines we must confess that we have become a convert in these pills having had an opportunity on one or two occasions to test their efficacy. For a gentle medicine, one or two will be found mild though effectual. Where bile or other impurities have accumulated and more thorough measures is required, a dose of three or four of these pills, taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar; others are made to resemble, in outer appearance the original article. The safest course is to purchase from the agents only one or more of whom will be found in every town and county in the State.

Dillow's Celebrated HEAVE CURE !!.

Which has been used with such unbounded success in France and England for the last twenty years is now being performed by the most unprecedented cures in this country. More than

3000 cases of Heaves

2600 cases of Chronic Coughs and Colds,

1000 cases of Catarrh and Nose Gleet,

1500 cases of Affection of Bronchial Tubes and Glands

500 cases of Thick and Broken Wind, and

800 cases of Inflammation of the lungs,

Have been cured by this extraordinary remedy, since its introduction in the United States. The following is one of the hundreds of Certificates in our possession, proving its Universal efficacy.

New Scotland, Albany Co. N Y, February 17th, 1848.

Messrs Ford & Grant: Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly afflicted.

I, hereby certify that one of my best horses in the winter of 1846-7, became afflicted with the heaves in the most aggravated form—which I allowed to run on, when three and four months, without doing anything for him. Having heard of the unparalleled popularity of "Dillow's Heave Cure," I purchased three papers of it, gave it to him as it naturally removed the disease. From that time to the present it has been in a perfectly sound condition.

JAMES M WILLIAMS

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier

Boston, January 9th 1848

Messrs Ford & Grant: Gentlemen,—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure. As an Universal Condition Medicine as well as sure cure for the Heaves and all diseases arising from an affection of the lungs and also from its general alterative properties, I recommend it to be the best medicine extant, for cases of Farcy, Surfeit, Chest-Founder, Dropsy of the Skin and Chest, Fever, Flour of Jaundice, Hide Bound, Inflammation of the Kidneys and Mange. I consider it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse-owning public, to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season, or time of changing the hair, which takes place during the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up, and the circulation of the fluids cease. If left to that condition, Disease to some form must ensue. It is at this time that I consider your Invaluable Powder indispensable, as it operates upon the pores and Fluids of the skin, and causes the hair to fall off in due time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier. No 10 Ash Street.

CAUTION.—The astonishing success of Dillow's Heave Cure for the last two years, in the U States, has induced several persons to imitate and counterfeit it, and even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "Dillow's Heave Cure" is the first article of the kind ever introduced into the United States, and we hereby offer the sum of one thousand dollars to any person who will prove to the contrary. Consequently all others must be imitations.

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 great cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Sore ness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured.

SPITTING BLOOD

New York, April 28, 1847

Dr. Townsend—I verily believe that your Sarsaparilla has been the means through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant, WM RUSSELL, 65 Catharine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept 14, 1847.

Dr Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully, JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend no having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13, 1847

Dr. Townsend—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully, JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies of the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a great remedy for Females, &c., &c., and have copied our bills and circulars which relate to the complaints of women, word for word; other men who put up medicines, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours respectfully, ISAAC W. CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements—they are only worthless imitations, and should be avoided.

CONSUMPTION CURED! Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR COLDS, COUGHS, ASTHMA and CONSUMPTION!

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world.

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country as the great and only reliable remedy in the worst cases of Pulmonary Consumption, and the best and most agreeable curative of all the slight forms of colds, cough and inflammation that can possibly be cured.

INCONTESTIBLE PROOFS *of the efficacy of the Balsam in the worst forms of Consumption.*

IMPORTANT MEDICAL TESTIMONY.

Dr. Hamilton—I am, The Hungarian Balsam is, beyond a question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of severe Pulmonary disease, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted. Yours respectfully, FREDERICK F. SPRING, M. D.

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM.

[From the Christian Freeman.]

While we repudiate quackery, we are always pleased to give credit to that which is truly useful, and to see information which may benefit others. A few days ago, a brother Ferris, from Norway, Me., came into our office to consult us. We remained a lot in order to assist, from another brother resident at a few weeks since, from another brother resident in the house with his complaint he was confined to his bed, and could not probably continue but a short time. Judge Ferris was present when we saw him, he had a violent cough remaining, and it would be natural that he should have, until he has further time for acquiring strength it is slow. But he is a comfortable health. The following letter which he addressed to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine he has been the instrument of his good work.

Boston, Feb. 16, 1847.

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of Buchan's Hungarian Balsam of Life. Here is a plain statement of facts in relation to my case, and if this, or of any service in inducing thousands to seek relief at the source from whence I obtained it, I shall be thankful.

My residence is in Norway, Me. I was, a year ago last fall, took a violent cold, which left a cough of the most aggravated kind, accompanied by a severe pain in the chest. In June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since. During that time I received the best medical attendance, and tried nearly all the medicines which are recommended for the cure of such diseases, and could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. The first gave me instant relief, and six bottles have broken up my cough; and placed me in a situation to perform, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptom above described, be advised in time.

Two Vent Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in Competition with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them, with the same head and quantity of water applied as possessing and combining more Strength and Speed, and giving a more uniform and Steady Motion "in and out of the cut" (and therefore not liable to break cranks,) and will also run longer and Saw more Lumber under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the drift stuff to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere.

We would also call the attention of Mill Owners and Operators to

Valentine's Patent Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts, now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ITHAMAR A. BEARD, Esq., Civil Engineer—Lowell, Mass who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel each extending so far around the Wheel, that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved which in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water. But a Wheel with the jets rightly guaged for a high head will not answer for a low one, and vice versa, for as the head increases, the width of the jets should be proportionably decreased, so that the water may not issue to waste, and not give its best effect to the Wheel.

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless; is less liable to need repairs, easily accessible when they are needed, costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop.—Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel.

ITHAMAR A BEARD, Civil Engineer."

Dr D has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Fits, Dysentary, all diseases of the Eye and Ear; diseases of the Blood, Palpitation of the Heart, Gout Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder; The dolorous, Hernia, Abdominal Weakness, Tooth-ache, Intemperance, Stammering.
